ALL SORTS.

There is a marriage on the tapis.

The train was two hours late yesterday.

Miss Ada Torreyson is visiting Auburn, Cal.

Miss Blanche Davis has gone back to the University to resume her studies.

Dick Jose is making quite a hit in his song, "With all her faults I love her still."

Keogh can lick John L. Sullivan in five minutes if the fight is held in Virginia City.

Keogh is now anxious to meet any man of his weight in the State for \$5,000 a side.

The boys fish by torch light in the sloughs around Empire and manage to make good catfish hauls.

The sports who went to Virginia to witness the prize-fight, were sadly disappointed in what they saw.

A young man in Brooklyn shot a lady in the abdomen yesterday while showing her what a fine shot he was

The ladies of the Episcopal Church are doing well in their efforts to secure money with which to purchase a new organ.

Baseball seems to have lost its nip on the American public, and the introducer of spicy literature is rapidly taking the lead.

There are some fine specimens of Inyo fruit at the Arlington; grapes and apples. Would you like to have some (inyou)?

After 30 rounds of tame fighting, the meeting between Keogh and McCormack was decided in favor of the former on a foul.

Our Dick, Evan William's pacer, won the great race in Marysville on the 3rd. The purse amounted to \$400. Score one for Nevada.

R. F. Del Valle, the Democratic nominee for Lieutenant Governor of Cal, was married to Miss Helen Caystile, formerly of Los Angeles, on Tuesday.

D. Regan is a good man to sell raffle tickets to. When he wins in a raffle where the tickets are sold for charitable purposes he takes the prize, and as an incentive to continue in good actions, gives the raffer \$20 as a side issue.

McCormack, Keogh's opponent, has a most peculiar build. He possesses a deep, heavy chest and strong shoulder bones. The thigh is very light, but firm, and the calf heavy. His motions are better than Keogh's and much more graceful.

At the horse auction yesterday Will Cowan bought what he supposed was a Lexington colt for \$15. He took the animal to the race track and had him put in active training for the fall races. Parties acquainted with the Lexington stock say Will is in the broth.

At Cincinnati yesterday, Hon. E. F. Noyes, Judge of the Supreme Court, fell dead shortly after 11 o'clock. He had been on the bench, but as he was too unwell to proceed further he left the bench and was on his way to a street car, when he suddenly fell backward and died instantly. The cause is supposed to be apoplexy.

It would be a good thing if the New York order forbidding boys under 16 to smoke tobacco in any public place were adopted and enforced here. This is about the only way to suppress the cigarette vice among young lads, and that it needs vigorous suppression is plainly shown by the number of thin-necked, pallid boys who are living examples of the evil effects of the habit.

Lost.—A pair of ice tongs. The finder will be rewarded by leaving them at Benton's livery stable.

Republicans in Convention.

The Convention has not prepared itself further than to meet in caucuses and appoint committees who were to report last night at 8 o'clock. The balloting will commence at 9 o'clock this morning, and by noon we may be pretty well informed of the way the tide turns. Many lobbyists and interested parties came down on last night's passenger with the impression that two or three days would be consumed. Such, however, is not the case, and by this evening it will be known who is and who is not.

We don't pretend to fortell the exact condition of things, or make any prophecies, but the nominees of the Republican party in Convention assembled will receive the support of this journal.

Get a Move On.

Isn't it about time that Nevada was making a move towards insuring some sort of a showing at the World's Fair at Chicago? This is the only State that has not taken some steps in that direction, while there is no State in the Union that cannot better afford to be unrepresented by its product, nor any that has more to gain by making a respectable showing. Something should be done without delay or else the appointment of our Commissioners should be rescinded, for it will be a ridiculous farce to send representatives to Chicago with nothing to exhibit except their own persons, as evidence of the resources of their State.

A Hint for Nevada Cattlemen.

Cheyenne Live Stock Journal: We desire to impress upon our Utah readers the fact that beef cattle next Spring will be worth double the present market prices. We mention Utah for the reason that if the alfalfa crop of this year is properly saved it will fatten a majority of the matured steers in the Territory. Hence they should all be held over and bay fed for the Spring market. Every farmer in Utah who has sufficient feed should buy steers and ripen them for the April market.

Oscar Ballou of Providence R. I. is at the Oregon State Insane Asylum suffering from hydrophobia. He is rational at times, but calls the attention of his attendants when he feels the spasm coming on. His sufferings are said to be so terrible that he prays for an end to life.

The fair at Marysville opened Monday. There was a small attendance at the races.

The wife of Levi Carter, a prominent farmer of Ceres, Stanislaus county, was thrown from a buggy Tuesday and her injuries, it is believed, are fatal.

Monday night the Bieber and Susanville stage was stopped near Milford, five miles from Susanville, and Wells, Fargo & Co.'s box taken by a lone highwayman.

England is about to be put on her honor. She must not let the men and women of Ireland starve any more. With half the world's wealth in her strong boxes, with ships laden with cheap food surrounding her island home, it must not be said that she will any more permit the men and women and little children of Ireland to starve. It is most strange that a race as strong and bright and brave as the Irish race will continue to cling to a land year after year and century after century where the loss of a potato crop means famine to the people.

It only shows how brave men can be beaten down by misfortune until their horizon becomes so narrow that they cannot lift their eyes to see that the world is filled with rich land that awaits the tiller, and that modern ships have about abolished the ocean and brought all lands close together. But the men and women there and the little children must not be allowed to starve. It would be a disgrace to modern civilization to permit it. It would be a proof that the natural savagery of our race is not yet half bred out. —Salt Lake Tribune.

San Francisco has just given to the world two infant burglars, five years old, who robbed a store of \$400 worth of watches.

Loofbourrow has opened his store next the Ormsby, and already has a brisk trade.

For lame bac, side or chest use Shiloh's Porous Plaster. Price 50 cents.

WHAT ON EARTH—Is the reason people will not, cannot, or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing.—W. H. Chedie Druggist
